

# MILLENNIUM SEMICONDUCTORS

[www.millenniumsemi.com](http://www.millenniumsemi.com)

## **Dear Business Associates,**

Millennium Semiconductors is emerging as one of the fastest growing organizations in distribution of electronics and electromechanical components for around two decades, based in PUNE and having branch offices at Delhi, Bangalore, Ahmedabad & Hyderabad in India and overseas offices in Singapore and Shenzhen (China).

With Rich Experience of more than 16 years, we are one of the leading authorized distributor and service provider for electronic components. We understand the market well and have succeeded in winning Design projects.

Millennium is being managed by a team of technocrats with varied experience in domestic as well as global market which enables us to Source and Supply wide range of electronic components at competitive prices and offer consolidation (kitting) services from diverse component manufacturers across the globe.

We provide our value added services to various facets of industry covering Automotive, Consumer, Embedded Systems, Lighting, Telecommunications, Process Controls & Automation, Power Distribution.

We guarantee what we sell. We only sell high-quality and reliable products and are committed to exceeding all industry standards. Our long clientele list corroborates **Millennium Semiconductors** determination to go beyond obvious commitments.

### **OUR STRENGTH**

- Application Support as per customer need.
- Good Customer base, Good Supplier base
- Competitive pricing
- Work with Commitment
- On time delivery
- Specialized supply chain Management
- Flexibility of US \$ or ₹ invoicing to customers.

We Thank You and Welcome your responses.

**Yours Truly,  
Haresh Abichandani  
(Managing Director)**
